Title: Serinus – update on operations in Tunisia

Legal basis: other regulations

Content:

Pursuant to Article 62.8 of the Act on Public Offering [...] and referring to the current report No. 35/2017 as of August 28, 2017, informing that the protests in the Kebili and Tataouine Governate regions of Tunisia have ended, the Management of SERINUS ENERGY INC. („Serinus” or the „Company”) informs that in Canada via the SEDAR system it has published an update on its operations in Tunisia.

The Company has initiated the restart of oil and gas production at the Sabria field in Tunisia, having determined that production at its oil fields can be restarted in a safe and secure environment with sufficient comfort that there will be no further production disruptions for the foreseeable future. For the Chouech Es Saida field, the Company is evaluating the restart cost of the field including the timing and costs to replace the electrical submersible pump for the CS-3 Well.
