

**THIS REPORT WAS FILED IN ENGLISH WITH SECURITIES REGULATORS IN POLAND ON DECEMBER 19, 2017**

**Current Report No. 45/2017**

**Date: 2017-12-19**

**Issuer's trading name: SERINUS ENERGY INC.**

**Title: Serinus Provides Update to Moftinu 1001 Well Incident**

**Legal basis: other regulations**

**Content:**

Pursuant to Article 62.8 of the Act of 29 July 2005 on Public Offering [...]and referring to the current report No. 44/2017 as of December 18, 2017,the Management of SERINUS ENERGY INC. („Serinus” or the „Company”) informs that in Canada via the SEDAR system it has published information that the situation at the Moftinu 1001 wellsite remains stable. The Company has contracted SafetyBoss, an internationally renowned well control company based in Calgary, Canada, to manage the Moftinu 1001 well incident. SafetyBoss is sending a well control team into Romania, who will arrive within the next 36 hours. Equipment is currently being secured to enable well control activities.

The Company also remains in contact with all relevant Authorities and the emergency services in Satu Mare County, and continues to closely monitor the situation. The cause of this incident is not currently known and the Company's primary consideration is to safely and quickly bring the gas well under control. The Company will provide ongoing status updates to the market.
