

**THIS REPORT WAS FILED IN ENGLISH WITH SECURITIES REGULATORS IN POLAND ON MAY 14, 2018**

**Current Report No. 28/2018**

**Date: 2018-05-14**

**Issuer's trading name: SERINUS ENERGY plc**

**Title: Filing an application for extension of suspension of trading in Serinus shares on the Warsaw Stock Exchange in connection with the change of the ISIN number**

**Legal basis: Art. 17(1) MAR – inside information**

**Content:**

Referring to current reports No. 21/2018, 22/2018, 23/2018, 24/2018, 25/2018 and 26/2018 pertaining to the filing by Serinus Energy plc (the "**Company**") with the Warsaw Stock Exchange (the "**WSE**") of an application to suspend the trading in its shares and its subsequent extension, the Management of the Company hereby informs that today the Company has filed with the WSE an application to extend the suspension period by one business day.

The extension of the suspension period is necessary to complete the procedure connected with the change of ISIN in the relevant depository systems. The procedure is already under way and the Company continues to undertake its best efforts so that it is completed as soon as possible. Nevertheless, due to complexity of the process and the time difference between Canada and Poland has not yet been completed.

In its report No 25/2018 of 11 May 2018 the Company indicated that there is a risk of the suspension period being extended until and including 15 May 2018 if the said procedures are not complete on 14 May 2018.

The Company currently envisages that the completion of formalities connected with the change of ISIN could be completed on Tuesday, 15 May 2018 and the trading of the Company's shares under the new ISIN shall be continued starting from 16 May 2018.
