

Current Report No. 4/2021

Date: 2021-02-05

Issuer's trading name: SERINUS ENERGY plc

Title: Pricing Anomaly between London and Warsaw listings

Legal basis: Other regulations

Content:

In view of the requirement of Article 62.8 of the Act of 29 July 2005 on Public Offering [...], considering that the shares of SERINUS ENERGY plc ("Serinus" or the "Company") are listed on AIM in the UK, the Management of the Company announces that the directors of Serinus note that recently a significant difference has developed between the prices at which shares in the Company are trading on the London and Warsaw stock exchanges.

Shares on both exchanges have the same International Security Identification number ("ISIN") JE00BF4N9R98 and participate equally in the profits of the Company. Regulatory information is notified to both exchanges at the same time, and the directors confirm that the Company has notified all price sensitive information required by securities regulation in both jurisdictions.

The Warsaw Stock Exchange is a Recognised Investment Exchange whereas AIM is a Multilateral Trading Facility; the former requires a prospectus for the admission of securities whereas the latter does not. While the Company produced a prospectus, available on the Company's website and dated 26 September 2014, admitting 38,479,608 shares to trading in Warsaw, it has not been updated since. In total 78,629,941 shares have been admitted to trading in Warsaw. This means that whilst all 1,140,660,629 issued and outstanding shares of the Company are eligible to be traded on AIM only 78,629,941 of these shares are eligible to be traded on the Warsaw Stock Exchange.

Forward Looking Statement Disclaimer

This release may contain forward-looking statements made as of the date of this announcement with respect to future activities that either are not or may not be historical facts. Although the Company believes that its expectations reflected in the forward-looking statements are reasonable as of the date hereof, any potential results suggested by such statements involve risk and uncertainties and no assurance can be given that actual results will be consistent with these forward-looking statements. Various factors that could impair or prevent the Company from completing the expected activities on its projects include that the Company's projects experience technical and mechanical problems, there are changes in product prices, failure to obtain regulatory approvals, the state of the national or international monetary, oil and gas, financial, political and economic markets in the jurisdictions where the Company operates and other risks not anticipated by the Company or disclosed in the Company's published material. Since forward-looking statements address future events and conditions, by their very nature, they involve inherent risks and uncertainties, and actual results may vary materially from those expressed in the forward-looking statement. The Company undertakes no obligation to revise or update any forward-looking statements in this announcement to reflect events or circumstances after the date of this announcement, unless required by law.
