

**Current Report No. 5/2022**

**Date: 2022-02-08**

**Issuer's trading name: SERINUS ENERGY plc**

**Title: Commencement of 2D Seismic Acquisition Program in Romania**

**Legal basis: Other regulations**

**Content:**

In view of the requirement of Article 62.8 of the Act of 29 July 2005 on Public Offering [...], considering that the shares of SERINUS ENERGY plc ("Company") are listed on AIM in the UK, the Management of the Company announces that it has provided outside the Republic of Poland information that the Company has commenced a 105 kilometre 2D acquisition program in Romania. The data acquisition is planned to be carried out over 10 days. Subsequently, the data will be sent for processing and AVO analysis.

This seismic program is being shot to the north of the Moftinu gas field, providing additional seismic coverage over the Company's highest ranked exploration prospects. The goal of the program is to augment existing legacy 2D seismic in the area and infill the existing coverage. Once the data has been processed, the Company expects that this new seismic data will de-risk these identified prospects and allow the Company to select the optimum drilling locations for the upcoming 2022 three-well drilling program to be commenced in Q3 2022.

**Competent Persons Statement**

In accordance with the AIM Rules for Companies, the technical information contained in this announcement has been reviewed and approved by Mr. Stuart Morrison, Chief Operating Officer of Serinus Energy plc. Mr. Morrison is a qualified person as defined in the London Stock Exchange's Guidance Note for Mining and Oil and Gas Companies and has the necessary professional and technical competencies to conduct petroleum operations. Mr. Morrison has a Bachelor of Science (First Class Honours) Degree in Chemical Engineering and a Master of Engineering Degree in Petroleum Engineering, both from Heriot-Watt University, Edinburgh. Mr. Morrison has over 34 years of oil and gas industry operational experience in numerous senior management roles.

The attachment to this current report contains text of the original press release in English, which has been filed by the Company in the UK and will also be available on Company's website: [www.serinusenergy.com](http://www.serinusenergy.com)

#### **Forward Looking Statement Disclaimer**

*This release may contain forward-looking statements made as of the date of this announcement with respect to future activities that either are not or may not be historical facts. Although the Company believes that its expectations reflected in the forward-looking statements are reasonable as of the date hereof, any potential results suggested by such statements involve risk and uncertainties and no assurance can be given that actual results will be consistent with these forward-looking statements. Various factors that could impair or prevent the Company from completing the expected activities on its projects include that the Company's projects experience technical and mechanical problems, there are changes in product prices, failure to obtain regulatory approvals, the state of the national or international monetary, oil and gas, financial, political and economic markets in the jurisdictions where the Company operates and other risks not anticipated by the Company or disclosed in the Company's published material. Since forward-looking statements address future events and conditions, by their very nature, they involve inherent risks and uncertainties, and actual results may vary materially from those expressed in the forward-looking statement. The Company undertakes no obligation to revise or update any forward-looking statements in this announcement to reflect events or circumstances after the date of this announcement, unless required by law.*
