

Current Report No. 23/2022

Date: 2022-06-29

Issuer's trading name: SERINUS ENERGY plc

Title: Romania Drilling Programme Update

Legal basis: Other regulations

Content:

In view of the requirement of Article 62.8 of the Act of 29 July 2005 on Public Offering [...], considering that the shares of SERINUS ENERGY plc ("Company") are listed on AIM in the UK, and with reference to WSE current report No. 22/2022, the Management of the Company announces that it has provided outside the Republic of Poland information that the two-well exploration programme in Romania continues to progress towards commencement of drilling. The roads and drilling platforms at both the Canar-1 well and the Moftinu Nord-1 well have been completed, including the installation of the drilling conductor pipe at both locations. The drilling rig inspection and certifications have been completed and final acceptance and rig mobilization is expected to be completed the week 4-7 July. Permitting for both wells is nearing completion with all permits expected to be granted imminently. Subject to the timely receipt of all permits, the drilling of the Canar-1 well is expected to commence on schedule in mid-July, and once drilling is completed, the rig will move to the Moftinu Nord-1 location and commence drilling.

The Canar-1 well is located 4.0 km to the west of the Moftinu gas plant, while the Moftinu Nord-1 well is located 5.2 km to the northwest of the Moftinu gas plant. With success, production from each well will be connected to the Moftinu gas plant, utilizing current excess plant capacity.

Competent Persons Statement

In accordance with the AIM Rules for Companies, the technical information contained in this announcement has been reviewed and approved by Mr. Stuart Morrison, Chief Operating Officer of Serinus Energy plc. Mr. Morrison is a qualified person as defined in the London Stock Exchange's Guidance Note for Mining and Oil and Gas Companies and has the necessary professional and technical competencies to conduct petroleum operations. Mr. Morrison has a Bachelor of Science (First Class Honours) Degree in Chemical Engineering and a Master of Engineering Degree in Petroleum Engineering, both from Heriot-Watt University, Edinburgh. Mr. Morrison has over 34 years of oil and gas industry operational experience in numerous senior management roles.
